

How to Lose Weight & Block Fat

One Dietrine Carb Blocker Capsule taken prior to a meal **can block up to 1125 calories** from fat and carbohydrate foods.

Do you find it difficult to cut down on delicious foods filled with carbohydrates such as pasta, cakes, breads, potato chips and ice cream? If you said yes then you are not alone. Now with our new Dietrine Carb Blocker we offer a 100% safe and stimulant free natural product that will allow you to indulge on occasion without having to feel guilty about eating starchy foods. Dietrine Carb Blocker is an exclusive formulation of research-supported botanical ingredients designed to Block Carbohydrates, Control Carb Cravings, Boost Energy levels and Block Fats from your body.

How Does Our Carb Blocker Work?

During the digestive process, your body converts carbohydrates, found in starchy foods such as potatoes and pasta, into sugar. Your body does this by breaking-down the carbohydrate molecule with alpha amylase, an enzyme that is produced in the pancreas.

These sugar calories are either burned off, through exercise, or stored as fat cells for future use. Unfortunately, inactivity means that these stored fat cells accumulate. The result is weight gain.

Dietrine Carb Blocker with Phase 2®, an exclusive, all-natural nutritional ingredient extracted from white kidney beans, "neutralizes" the digestive enzyme alpha amylase before it can convert starch into glucose and then fat. Essentially, it allows the carbohydrates to pass through the system with less caloric intake.* The Phase 2® starch blocker has been clinically proven to reduce the absorption of starch by 66%-75% resulting in significantly less net caloric intake.

Take one Dietrine Capsule prior to a meal and you can **block up to 1125 calories from fat and carbohydrate foods.**

Are Carb Blockers Safe?

Yes! our Dietrine Carb Blocker is absolutely 100% safe and effective. Dietrine Carb Blocker is 100% natural with no known side effects. There are no known interactions with any other herbal dietary supplement or drug. Our Carb Blocker contains **no ephedra, no ma huang, no ephedrine and no stimulants** of any kind and are extremely safe if taken as directed.

Don't Be Confused By Low-Priced Imitations

Dietrine Carb Blocker contains 100% of the genuine Phase 2 Starch Neutralizer®. **Do not be fooled by cheap products that may contain a generic white kidney bean extract plus some Phase 2.** Remember you get what you pay for!!! These products may NOT contain 100% of the Phase 2® extract and will not work as well. Our product is manufactured in the United States of America in a fully cGMP-compliant, certified manufacturing facility. You cannot purchase a higher quality product anywhere, and we stand behind its potency and effectiveness 100%.

What is Phase 2?

Phase 2® is an amazing, non-stimulant, all-natural nutritional ingredient that is derived from the white kidney bean through a proprietary process. As a starch blocker it is the first nutritional ingredient that has been clinically & scientifically proven to neutralize starch, found in your favorite foods such as potatoes, breads, pasta, rice, corn and crackers.

Phase 2® is a safe yet powerful nutritional ingredient, clinically studied to reduce the absorption of carbohydrate calories.

Phase 2® allows you to enjoy those foods that you love without all the calories.
